MAKE A DIFFERENCE IN THE FIGHT AGAINST ALS

The ALS Association leads the fight to treat and cure ALS through global research and nationwide advocacy. We empower people with Lou Gehrig's Disease and their families to live fuller lives by providing them with compassionate care and support.

RESEARCH

With 140 active research projects funded globally to find effective treatments and a cure, your donations to the ALS Association have advanced significant new discoveries and shed light on the complex factors involved in ALS.

TREATMENT

You help us significantly fund all 5 ALS Clinics in NC. We pay for many services that are not covered by insurance, Medicare and Medicaid. We believe that every patient deserves the best care available.

SUPPORT

Your donations help us provide 15 support groups, 5 loan closets, counseling and the only financial grant program available to all North Carolinians living with ALS. In 2014 alone we funded 530 grants to families.

ADVOCACY

We worked with Congress to remove the Medicare waiting period for people with ALS, passed the National ALS Registry Act and influenced research spending approaching \$1 billion over the last 10 years.

But until we find a cure, we must continue the fight. Help us by becoming a sponsor of the Catfish Classic and together, we can end this terrible disease.

Visit webnc.alsa.org for more about the ALS Association.

BE A HERO TODAY IS YOUR DAY

Grace of motion, accuracy, precision, extraordinary poise under pressure, all qualities shared by two of baseball's legends—admired as men and honored as athletes—Jim “Catfish” Hunter and Lou Gehrig.

The other common denominator shared by both men was Amyotrophic Lateral Sclerosis (ALS), more commonly known as Lou Gehrig's disease. We know of this disease because of the celebrity of two of its most prominent victims. Ironically, the physical abilities that gave each man his fame are the same abilities ALS attacks.

By becoming a sponsor of the Catfish Classic, you will be helping fund critical research and provide hope to the estimated 30,000 Americans living with ALS.

It's not every day you have the ability to lend your support to a heroic endeavor.

Today is your day. Please join us.
